Absent:

| Time | Topic | Discussion | Next Steps |
|-------------|------------------------------|---|--|
| 1:00-1:30 | Welcome and intro from David | David shared the goals of the DNP organization and previous accomplishment. David shared the group’s inception and growth over the years as well as the online newsletter. Large online group with over 10,000 members. Willing to partner with us on projects. | Ashley to work with David on survey from practice group to get it submitted. Ashley will invite David to be a permanent member of taskforce. Several in group looking to attend the DNP conference in October. |
| 1:30-1:45 | Practice group met | Practice group identified target project as national survey of the DNP workforce with a key objective of understanding the clinical scope and impact of the DNP. Determined the survey should be matched with the QSEN competencies | Ashley began a survey which group will continue to edit. Once survey is complete, practice group will send out to David’s national listserv and collect data |
| 1:45-2:00 | Overall goals | Practice group is satisfied with current goals and objectives. Will continue to strive to meet this during this academic year. Will | Review and follow up on goals. |
